

360 Y-DROP® EXTENSION TUBE MOUNTING GUIDELINES

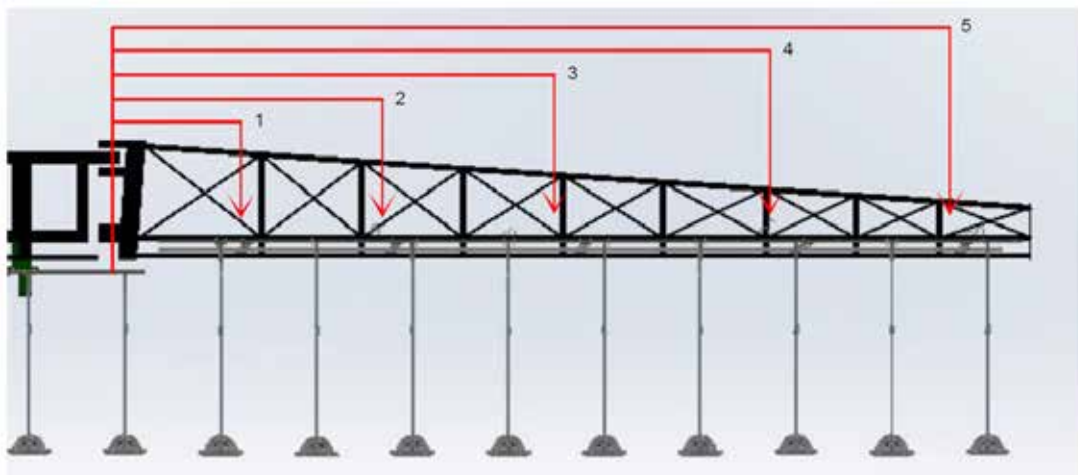

+ INTRODUCTION

This is a guide for the mounting locations of OEM Square Tube Brackets and Extension Tubes on most sprayer models.

+ MOUNTING LOCATIONS

- + All measurements are from the pivot pin outward.
- + All measurements are +/- 5" to allow for mounting directly in-between spray nozzles.
- + This guide represents a 60ft system. 40ft systems will only have 3 mounting locations per wing.

Sprayer Model	Mounting Location (inches)				
	1	2	3	4	5
John Deere 4630	69"	133"	210"	267"	310"
John Deere 4720/4730/4830	32"	86"	156"	213"	277"
John Deere 4920/4930/4940	31"	88"	151"	211"	273"
John Deere R-Series	23"	68"	140"	201"	257"
Hagie STS Steel Boom	50"	104"	168"	223"	272"
Hagie STS Aluminum Boom	30"	88"	148"	208"	280"
Hagie DTS Pre-2016 - 40ft SMP	48"	109"	170"		
Hagie DTS 2016+	40"	100"	160"	220"	280"
Hagie Delta Boom	59"	120"	179"	241"	301"
Case IH 80', 90', 100' Boom	32"	92"	155"	211"	271"
Case IH 120' Boom	55"	115"	177"	217"	257"
Miller Pree-2008	44"	74"	135"	194"	256"
Miller Nitro 2008+	48"	108"	168"	244"	289"
New Holland	48"	108"	168"	244"	289"
Rogator	61"	131"	190"	256"	310"
Apache	28"	89"	152"	212"	257"
